

Date 19 FEB 22.

0645 E4 Centre 5' last + briefly for Par.
0715 Briefly by A/S/Sgt FLANAGAN, Supt CUE +
A/Supt BEVIER.

0800 concluded + teams off to stgy.
c/d - NOC.

0830 ops. - to Par Command Table.

0900 teams staged.

0915 teams moving. - York, OPS, ~~OPP~~ Peel RCMP(N)

Par begins to push - rapid progress.

- strikes + helms

- easily moving around nest.

(0930) - Beane aware of deployed assets
seeing under jet items for a period
not together.

- activity looks suspicious.

- 3 miles at whole appear to move
items + walk back line at Metcalk.

- poss. intel relay via/mile to streams

- I get task by IC to formulate
plan to get the assets to shore
safely

- coordinated = Use Land Mark Metcalk
(D/S) Plan to line section of Par
occupying the across spires to
Bank with to Wallybur then 100 m
East the target vehicle.

- Par to load into ALV's as much
as poss. remainder on foot rapidly

Date 19 FEB 22

- instructions given to POC to form wedge & push into crowd then attack side zone around the back of HC/BJR to operate.
